COVID in the Community Update

Hanmer Springs Health Centre,
Sunday 3rd April 10am

We are pleased to report the number of **new positive cases dropped by 33% last week** in our community, compared to the previous two week.

Please don't hesitate to **call us on 03 315 7503**, whether you are registered with us or not, if you are **feeling unwell or need to see us for any reason**.
We are here for all our community.

Reminder: If you are a **household contact**, living with a positive COVID-19 person, you **should immediately self-isolate** for seven days and **not go to work**. You should also **test** for COVID-19 on **days 3 and 7** via a Rapid Antigen Test (RAT).

We can do this at the Health Centre for you **FREE** of charge. On completion of 7 days isolation, with no positive RAT results or symptoms, you can return to work on day 8.

To help **keep yourself well** and **minimise the spread of COVID-19** we encourage you to:

- Stay home if you are unwell or have COVID-19 symptoms.
- Isolate if you are a household contact living with a positive COVID-19 case, to provide you, your family and whanau and the wider community.
- Book a **FREE** supervised Rapid Antigen Test and short consultation with us if you have symptoms. Simply call our reception team on 03 315 7503.
- Wear a surgical or N95 mask and show your vaccination pass when out and about.
- Keep up healthy habits such as washing hands regularly and physical distancing.

Have a good week and take care.

Getting a COVID-19 vaccine if you've had COVID-19

It's now recommended by the Ministry of Health that you wait 3 months after you test positive for COVID-19 before getting any COVID-19 vaccination. This recommendation is for all ages and applies to all COVID-19 vaccines available in New Zealand.

Waiting for 3 months after you test positive for COVID-19 can give you better protection and an increased immune response to the vaccine dose

However, we have been advised you are STILL ABLE TO GET YOUR FLU vaccination.

IN AN EMERGENCY DIAL 111

Corde Ltd awarded Hurunui District Council Roading Contract

Corde Limited (formerly Sicon Ltd) has been awarded the road maintenance contract for Hurunui District Council, under the HDC 21/03: Road Maintenance and Renewals Contract 2021-2026.

A tender evaluation team undertook a comprehensive review of the Corde tender submission, and it was agreed that the submission met all the contract pre-conditions, and their attributes gave the team confidence that Corde had the appropriate resource levels, experience and management team to ensure the contract's levels of service can be met.

The contract term is to be five years with two additional two year extensions available if the performance criteria are met, as set out in the contract documents.

The current contract is due to expire June 30th 2022, which currently sits with Corde.

The contract was publicly advertised on October 14, 2021 to allow time for appropriate transition periods between contracts, with the Tender period closing on December 17, 2021. Only one submission was received.

The entire process was carried out under the scrutiny of a Probity Auditor.

"Council awarding the contract to Corde is good for the District. They will continue to work hard providing the District with a good level of service," said Hamish Dobbie, Hurunui District Council CEO.

"We had expected to see a marked difference in pricing for the new contract versus the old and this is understandable given the global issues and uncertainty everyone is aware of, coupled to inflation," he added.

"We look forward to continue our relationship with the Council and are excited to continue working in the District delivering their roading contract," said Corde Ltd CEO Dave Wilson.

The contract with Corde will begin on July 1st, 2022.

A Case Of Righteous Indignation (Or Gullible Getting Got)

Dateline Friday

I must admit I was somewhat bleary-eyed when I sat down to read Friday's morning emails, reach for the coffee and the toasted hot cross bun. Hello, here's a Press Release

from Great Scott, the PR agency who handles the Hanmer Springs Pools and Spa account.

What's up at the Pools. It is a very important announcement to say that in future the Pools will not allow people to wear board shorts and henceforth they will be insisting that everyone will have to wear speedos or "budgie smugglers". The reason given was that people in board shorts have been soaking up too much water and every time they get out of a pool they are spilling about five cups of water so if you multiply that by the number of times they change pools and the number of people it is amounting to a quantity measured in Olympic-size pools per year.

I read on, somewhat indignant because I always wear shorts. What about personal liberties?

A statement from Graeme Abbot said, "In a bid to make this transition easier on visitors, Hanmer Springs Pools will provide suitable swimwear for hire at reception at no cost. There are lots of colours and patterns available to choose from so visitors can keep with their own individual style.

"We understand that some of our visitors may not feel comfortable wearing speedos or briefs and the like so we will work with every visitor to make sure they're comfortable," says Graeme.

What are they going to do - personal fittings in the back room?

Had I scrolled down and seen the photo I might have twigged, but no, I was not going to be forced into budgie smugglers for anybody so I wrote an aggrieved and disgruntled protest to Mr Abbot, venting my spleen - "there's no way I'm getting my fat body into bloody budgie smugglers...."

A reply came back to say Mr Abbot was on leave and to contact Nadine.

I whipped up an email to Nadine. "What the hell is going on? There is no way in the world I'm getting into budgie smugglers or speedos - I'll get a doctor's certificate...."

Time to sharpen the pencil and take an appurtenant and erudite stand against this sexist policy -they're not insisting women wear speedos are they? Only the blokes. They are taking both sexist and cultural liberties.

Nadine's reply came in a half hour later.

She suggested I look at the date.

She said she had not received any official notice of this new policy but today was April the 1st and I had indeed been gullible and got...

... more than perfectly obvious in hindsight, Anyway, lime green doesn't suit me

Flu Vaccination Time

We are anticipating delivery of our flu vaccine in the next few days.

Look out for more information about the dates and times of our dedicated flu vaccination clinics.

In the meantime, if you want to put your name on the waiting list, please phone/txt our **dedicated Flu vaccination number 020 4091 0704**

Why is the Flu Vaccination So Important This Year?

Immunisation is the best way to protect our community from infection and serious illness. With the borders closed due to the COVID-19 pandemic, Aotearoa New Zealand has had few to no influenza infections for the past two years. This reduction in infections is likely to have led to lower-than-normal immunity against the virus in the New Zealand population.

As COVID-19 restrictions ease and borders re-open, it can be expected that a resurgence of respiratory viruses will follow, and seasonal viruses may not follow typical seasonal patterns. The lack of seasonal infection in 2020 and 2021 will likely result in reduced residual immunity and contribute to a higher risk of serious disease. The Ministry of Health say we can expect to have influenza circulating in our community this winter, and we cannot predict what this influenza season may be like, therefore, preparation is of the utmost priority.

Eligibility for fully funded Flu vaccination

Funded influenza vaccinations are available for those who meet PHARMAC's eligibility criteria:

- pregnant people
- people aged 65 years and older
- Māori and Pacific peoples aged 55 to 64 years
- people aged 6 months to under 65 years with eligible conditions (please call for more details)
- tamariki aged 4 years or under who have been hospitalised for respiratory illness (including measles) or have a history of significant respiratory illness.

Don't hesitate to contact us if you are unsure if you are eligible.

Protect yourself and your whānau this winter

If you're 65+, or 55 and over and

The Story Behind the Squirrels

How two squirrels came to be in the Hanmer Heritage Forest off Jollies Pass Road is now recorded in a new sign alongside them on the Forest Amble.

They're there in memory of Andy Clayton, a long-standing forest trust member and supporter who died in 2019.

Andy's trust roles ranged from fund-raiser to chairman over the years.

He was elected to the trust board in 2005, becoming chairman for a year in May 2008.

An active member, he worked hard on track improvements becoming even more active after the trust board's 2009 annual general meeting when he became the ex-officio ranger.

The position was non-stipendiary but had voting rights and he could not do this and be chairman. In 2010, his wife, Roz, became chairman for the next four years and they agreed he should not be a board member if Roz was chair.

His position then developed into the role of contractor for any work that needed doing, new track development, signage installation, weed control and much more until he died in 2019.

Red squirrels were special to Andy who hailed from the West Midlands in the United Kingdom. They were part of his childhood and trips to the UK usually led to searches to see the elusive creatures.

Roz remains the trust board's secretary.

Please Note that HDC garbage & recycling bags are no longer available from the Four Square supermarket . Henceforth, bags will only be available from Hanmer Springs Service Station, the library , The Log Cabin and Super Liquor

Hanmer Springs Bowling Club update:

Tigerturf advised yesterday that we are now the next job on the list and they should be in Hanmer later in April.

We have had a great response to our appeal for further help with our project from new Turf Sponsors and also annual Fence Sign sponsors.

A decision has been made on the fence design and product.

This has been based on pricing, it is a very low maintenance option which has a proven record of lasting for many years.

We are going with Moduline Colorsteel and awaiting a site visit from their agent, Cantabuild before this is finalised.

With this option we will be relying on volunteers to help us build the fence - another new and interesting part of the project.

If anyone is able to assist with this part of the project please let us know. **Email the Secretary:**

janet.messervy.hanmer@gmail.com

We have the funds to complete the construction of the green backed up with the loan facility approved by the Hurunui District Council last year.

Additional needs:

We have tried to obtain funding for the fence, unfortunately we have exhausted all avenues regarding funding of our additional costs to bring the project to completion.

We may be eligible to apply for funding for any other extras for the project once the new all weather bowling green construction is completed.

On a more positive note, we are pleased to report that your support with our Mainland Community Grant Application and your voting has given us a \$500 grant towards the purchase of a set of bowls for Junior Bowls.

An appeal to Amuri Irrigation Company for help with the purchasing of mats, jacks and junior bowls has resulted in a grant of \$250 coming to the club towards Junior Bowls.
