Christmas trifle

You can still make a spectacular trifle using store-bought custard and cake. But please, please don't use artificially flavoured jelly. Making your own is easy, and it is what will make your trifle the best on the block. Make the trifle the day before or even two days before. The only thing to do on the day is to whip the cream and pile on the berries.

Ingredients

1 x 450g store-bought Madeira cake or pound cake, cut into 2.5cm cubes
 1/3 cup orange liqueur (such as Cointreau) or orange juice (see note)
 7 tsp gelatin powder
 1.5 litres (6 cups) cranberry juice, room temperature
 3 punnets strawberries (about 750g), halved lengthways
 1 punnet blueberries
 1 punnet raspberries (see note)
 icing sugar to finish
THICK CUSTARD (MAKES 750ML)
 700ml (2 3/4 cups) full-fat milk
 100g (1/2 cup) caster sugar, divided
 1 tsp vanilla bean paste (or extract)
 4 egg yolks
 1/2 cup cornflour
CREAM LAYER
 625ml (2S cups) thickened cream
 3 tbsp caster sugar
 1 1/2 tsp vanilla extract

Method

Cover the bottom of a 3.5-litre trifle dish with the cake pieces then drizzle over the orange liqueur (or juice).

TO MAKE THE CRANBERRY JELLY

Put half the cranberry juice (3 cups) into a saucepan over medium heat. Bring to a simmer, then turn off the stove. Pour the remaining room-temperature juice into a very large bowl. Sprinkle gelatin all over the surface (don't dump it all in one place or you'll get lumps) and whisk until it is mostly dissolved. Add the hot cranberry juice and continue whisking until the gelatin is fully dissolved.

TO MAKE THE FIRST JELLY LAYER

Pour half the warm jelly liquid carefully down the side of the trifle dish so the cake pieces remain submerged. Pour the remaining warm jelly into a bowl and leave it on the bench. DO NOT refrigerate. Refrigerate the trifle dish, uncovered, for 1.5 hours until it is partly set. (It needs to be firm enough so you can gently place a strawberry on top and it will stay on the surface).

TO MAKE THE CUSTARD

While the jelly is cooling, make the custard. Heat the milk, 1/2 cup sugar and vanilla to a simmer in a large saucepan over medium heat. Do not boil. In a large bowl, whisk together the remaining 1/2 cup sugar and the yolks, then whisk in the cornflour until smooth. While whisking, carefully pour in about 1/2 cup of the milk mixture. Once mixed in, slowly pour in the remaining milk while whisking continuously. Once incorporated, pour it back into the saucepan and return to the stove over low heat. Whisk constantly until it becomes thick – this will happen quickly (about 45 seconds). Once it is thick enough to thickly coat the back of a spoon, immediately remove it from the stove, pour it into a

bowl, cover with a sheet of cling film and press onto the surface. Leave on the bench to cool to room temperature until the trifle is ready to layer with custard.

TO ADD THE CUSTARD LAYER

Remove the trifle dish from the fridge. Whisk the room-temperature custard to loosen, then spoon onto the jelly. Smooth the custard surface and press against the sides of the dish to seal (this stops the next layer of jelly bleeding into the custard, so you get neat layers). Refrigerate, uncovered, for 1 hour until the surface firms up a bit. Give the remaining jelly a whisk then put it in the fridge at the same time to thicken a bit without fully setting. Refrigerate for 1 hour, but check at 30 minutes to ensure it isn't setting too fast. If it fully sets, you'll end up with a "broken glass" effect rather than a clear layer.

TO ADD THE SECOND JELLY LAYER

Remove both the trifle dish and the jelly from the fridge. The jelly should be sloppy but still spoonable. Carefully spoon the jelly over the custard and smooth the surface. Scatter over 1 punnet of halved strawberries (or half each raspberries and strawberries), pressing some in as needed to suspend throughout the jelly. Refrigerate for at least 3 hours (you can leave it in the fridge for up to 48 hours, until ready to assemble).

TO ASSEMBLE THE TRIFLE

Beat the cream, sugar and vanilla together until softly whipped. Just before serving, top the trifle with cream, then pile on the remaining berries and dust with a little icing sugar.

TO SERVE

To serve, dig ALL the way down when scooping. It is imperative that every serving includes a bit of every layer.

Pinkie Report

Term 4 Week 10.

Journalists - Amelia Saric, Sharnie Inglis, Kiara Bratschi, Amelia Nelson, Charlie Bryant, Rosie Abbott.

Isobel House Pools afternoon.

On Monday afternoon Isobel House went to the Thermal Pools as their reward for winning the house competition this term. They had a fun afternoon going down the slides and playing in the lap pool and kids pool. We would like to thank the Thermal Pools and Spa for their continued support of our school.

Lions Christmas Lunch.

On Tuesday afternoon the kapa haka group went to perform at the Lions senior citizen Christmas lunch at the Golf Club. We enjoyed sharing our performance with members of our community.

Talent Show.

On Tuesday evening we held our annual talent show at the Memorial Hall. The kapa haka started the show with their shortened performance. Each class sang a song for their teacher which Ros had written with each class. The classes gave their teacher a card with the lyrics in it. The Home and School gave the staff a thank you present for all of their hard work this year. Afterwards we sat back and enjoyed the acts. Charlotte did some singing and Teddy had some cool dance moves. Chris also sang and had some dance moves. Lochie and Karanvir entertained us all with some funny jokes. There was also lots more dancing, singing, some acting and lots of fun. Levi was the host and he dressed up in lots of silly outfits. The funniest was when he was in a tutu. Well done to everyone who entered in the talent show, you gave us all an enjoyable evening.

Wet and Wild afternoon.

On Wednesday afternoon we had our fundraiser for the 'Meat the Need' charity. This charity helps provide mince and milk meals for families in need who cannot afford to buy these items themselves. At lunch we had a sausage sizzle which was a goal coin donation.

After lunch we did different activities. There was a relay where we had a sponge and we soaked up the water in the bucket then ran down the court to a bucket and squeezed the water into the bucket. We also had a slip and slide, which was great fun zooming down, especially when it had lots of soap on it. The last station was a water gun fight, where we had fun squirting each other. Thank you to Mrs Hay and the teachers who organised the afternoon events and to the parent helpers. We finished the day with an ice block.

School Prizegiving.

On Thursday afternoon we had our prize giving which was led by head students Amelia and Amelia. The kapa haka group performed and certificates were awarded for most academic, most improved and values in each year level. The Y6 students received their graduation from primary school certificates, as they head into our intermediate school class next year. Cups for swimming, athletics, citizenship, most improved, maths, Literacy and general excellence were awarded. Congratulations to everyone who won an award or cup. The Year 8 leavers were presented with their leaving gift and some gave speeches about their 8 years at our school. The school sang a song for Tiff Wafer who has just left the Board of Trustees. This was written by Ros and thanked Tiff for all of her hard work over the last six years.

Our 2024 head students, deputy head students and leaders were also announced. Congratulations to Theo who is our 2024 head boy, Cooper who is the deputy head boy, Rosie who is the 2024 head girl and Charlotte who is the deputy head girl.

We wish everyone a very merry Christmas and a happy New Year.

An easy summer read

Apprehension filled Greg Dellow's mind as he walked into Hanmer Springs library to set up an account. Shortly afterwards though, he walked out the door feeling over the moon. Legally blind, Dellow has no vision in his right eye, and five percent in his left eye.

He's no stranger to audio books, via Audible subscriptions which he said are expensive because he reads a lot. Having heard that his local library has great resources like the app BorrowBox where he could have access to a massive range of literature, for free, he was keen to know more.

Dellow expected a difficult process to get his library card, a simple process for people with good vision but a potential nightmare for people who are vision impaired.

Contrary to his expectations, he received a library card there and then, and was emailed and text messaged the links to the apps that same day.

"It was a perfectly lovely and pleasant experience."

He 'moves around a bit' with genres, and when he finds a good narrator he follows them too. Dellow has called North Canterbury's alpine town home for 25 years, he started as a lifeguard at Hanmer Springs Thermal Pools & Spa and moved into the technology side of the business over the years as his vision deteriorated. He is now Technology Manager.

"I work on everything computer related, and generally give everything a go."

On a screen he sees black background and white writing, has a screen reader, and AI technology is a big part of his daily life.

His guide dog Benson is always by his side. Looking forward to his summer holiday, Dellow is very happy to have a few good reads lined up.

District Librarian Mark O'Connell said his team works hard to assist everyone who walks through the library doors, helping them to enjoy all the services offered.

"We're very proud of our libraries, and the on-going support shown to the whole community."

Hanmer Springs Bowls and Hanmer Springs School Student Bowls Coaching

June Dickson from Cheviot Club and her team came and coached the 32 students from year 5/6/7 from Hanmer Springs Primary School. We had a good team from our club to assist.

It was very successful with the students keen to learn and engaging well with us.

What a buzz to see so many giving bowls a go and having fun in the process.

The green was alive with activity for 2 afternoons.

June took them through the skills on the first afternoon.

The children then bowled through a circuit June had prepared so that they could learn the bias and to try and bowl through and around different props on the green. They finished that day with the nearest to the ditch and marshmallows.

The second afternoon our club showed the students how to bowl up the jack and play a game.

Finished the day with a game of skittles - props used the previous day were set up and the students loved lining up and seeing how many they could knock down with their bowl.

Again marshmallows were the reward.

The members from our club also thoroughly enjoyed the experience.
