24. Which film won the best animated film Oscar in 2024?
25. Which primate is Dr Jane Goodall famed for studying?

Bali's Babi Guling

Ingredients

- 1.5kg piece of pork belly, skin scored
- 1 tbsp vegetable oil
- 1 tsp turmeric powder
- 1 tsp black pepper
- 1 tsp table salt
- steamed rice, to serve

FRESH SAMBAL

- 2 kaffir lime leaves, central vein removed and finely shredded
- 1 stalk lemongrass, tender central white part only, finely sliced
- 2 large red chillies, deseeded and finely chopped
- 2 cloves garlic, minced
- 1 small red onion, minced
- juice of 2 limes
- 2 tsp white vinegar
- 1 tsp sugar
- 2 tsp fish sauce

Method

- Boil a kettle of water. Place the pork on a rack in the sink and pour boiling water over the skin. Pat dry with paper towels. Combine the vegetable oil with the turmeric, black pepper and a teaspoon of salt and rub the mixture all over the meat side of the pork belly. Place on a rack in a roasting tray and rub the remaining salt over the skin of the pork. Rest in the fridge overnight, uncovered, to dry the skin. For the fresh sambal, combine ingredients in a non-reactive bowl and stir to dissolve the sugar. Adjust the seasoning with a little more sugar, lime juice or fish sauce as necessary. Heat your oven to 220C (200C fan-forced) and roast the pork for 1 hour. Reduce the heat to 180C (160C fan-forced) and cook for a further 30 minutes. Rest for 10 minutes, then slice and serve with cooked rice and [green beans in coconut cream](#).

Richard's tip: Getting good crackling on pork is both a science and an art. Pay attention to it as it cooks because the skin will often buckle unevenly. Mask areas with foil if they look like burning, and consider using a hot grill at the end to crisp any areas that haven't crackled.

Crispy pork belly with coriander, peanut and red onion salad

Ingredients

- 1kg pork belly
- sea salt
- white rice, to serve

SALAD

- 5 small red onion chopped
- 1 large handful of coriander leaves and stems, roughly chopped
- 1 handful of unsalted peanuts, roasted and crushed
- 1 tbsp sesame seeds, roasted
- 5 spring onion, finely sliced
- 15 tsp Chinkiang black vinegar
- 2 tsp peanut oil

Method

1. Place the pork belly on a wire rack set over a plate (to catch any drips) and refrigerate, uncovered, for 24 hours to dry the skin out and make it more crispy. If you have time, then 2 days is even better.
2. Preheat the oven to 190C (170C fan-forced). Transfer the pork belly to a roasting tin, then, using a sharp knife, score the skin deeply in a diamond pattern and rub generously with sea salt. Roast the pork for 20 minutes, then reduce the temperature to 170C (150C fan-forced) and roast for a further 20 minutes or until the meat is cooked through and the skin is blistered and crisp.
3. Remove the pork from the oven, cover with foil and set aside in a warm place to rest for 20 minutes. Cut the pork belly into 2cm cubes.
4. To make the salad, place all the ingredients in a bowl and toss together, then add the pork and mix through. Season with sea salt, divide onto 4 plates and serve with a little white rice.

Same Pinkie - New Faces

What started out as a one page weekly newsletter, printed on pink paper (hence "*The Pinkie*"), is now this; a multi-page colour publication that is distributed around the world! A limited print-run of the weekly publication is also available from the famous Hanmer Springs Four Square supermarket, located in the heart of our little village.

Richard Tapper has lovingly nurtured *The Pinkie* for 17 years; it has been his "baby"! *The Pinkie* issue dated 12 March 2024 records, in Richard's words, why he has chosen to pass on "The Pinkie" baton to Reece Gardner and Rachael Barnes.

Richard and Reece started talking about passing *The Pinkie* baton (and how that might happen) a number of years ago; back when bubbles were bubbles and a face mask was either a

beauty treatment, or something worn by a baddie, or Batman!

April the first, 2024, is the date the baton officially changes hands.

Rachael is a super talented local woman who will look after the day-to-day running of *The Pinkie*. She'll answer the phone and attend to your emails. Rachael will also prepare the publication for print and take care of the accounts. Rachael has a can-do attitude and an exemplary phone manner.

For the last three or four weeks Reece has been helping Richard, as a friend, while Richard has been busy polishing and donning his battle armour.

Thank you Richard. Thank you for your community service these last 17 years. We're all in your corner! Rx

Community Car

The Hanmer Springs Community Car was established in March 2023.

The idea was conceived by the current Practice Manager Mr Paul Walmsley.

Since its introduction into the local community a year ago the vehicle has provided a source of transport for more than 200 residents seeking transfer to their medical appointments at the Health Centre, or to specialist consultations in Christchurch & other parts of Canterbury.

Paul Walmsley says an application for a financial grant to establish the service was approved by the Christchurch based Manchester Unity Trust. As a result, a small hybrid vehicle was purchased.

"Further grants from the NZ Lotteries Commission, Environment Canterbury [ECan], plus generous donations from the Hanmer Springs Community has allowed the Health Centre to offer this essential service free of any charge for the past year," he said.

"We now aim to continue & maintain this service as a free offer to our patients & elderly residents over the next twelve months. Further donations will help us achieve this goal."

"The Hanmer Springs Health Centre has recently announced that Environment Canterbury [ECan] has for the second time approved another grant to enable the community vehicle transport service to continue. This is great news," he said.

"A further funding initiative is planned in May 2024 whereby proceeds from a gala charity performance of Vivaldi's Four Seasons Concerto in Hanmer on Mother's Day will go to purchase Mobility Wheelchairs for the Health Centre, and to contingency expenses related to the Community Car's operation," Paul Walmsley said.

Hurunui District Council Notices

Easter Refuse and Recycling Hanmer Springs

On week commencing April 1, rubbish, and recycling in Hanmer Springs will be collected one day later than normal on Tuesday April 2.

Please remember:

- Only Hurunui District Council bags will be collected; these are sold via the transfer station, library, Hanmer Springs Garage, Super Liquor, and the Log Cabin.
- Bags must be securely tied and at the kerbside by 8am as collection times may vary to normal.
- Bags must not exceed 15kg.
- Bags split prior to the crew's arrival and non-Council bags will not be collected. Bundles of cardboard will not be collected but can be recycled via the transfer station.

The following are accepted via Council's recycling bags, provided they are free from food waste and loose.

- Newspapers, magazines, catalogues, leaflets, and telephone directories.
- Clean cardboard, including greetings cards and egg boxes.
- Clean food and drink cans.
- Rigid plastic bottles and small containers, types 1, 2 and 5 - with lids removed.

Household glass bottles will be collected, provided they are in a Council recycling box with all lids removed.

All transfer stations are closed on Good Friday, Easter Sunday, and Easter Monday.

Sports NZ Rural Travel Fund

Open for applications now, the fund is available to assist young people in rural communities to participate in sporting competitions.

The fund is open to all rural sport club teams and rural school sport teams who have members aged between five and 19.

This Fund is designed to subsidise travel costs to local sporting competitions.

This Fund should not be used for the purpose of travel to regional or national events, and is for teams only, not individuals.

Applications close on Monday 15 April.

Please visit

<https://www.hurunui.govt.nz/community/awards-and-funding/sport-nz-rural-travel-fund> for more information.

Rainbow Possum Control Notice

2024 RAINBOW AERIAL POSSUM CONTROL OPERATION

Vector Free Marlborough (VFM) wishes to advise the public of its intention to aerially apply the toxin Sodium fluoroacetate (1080) to the Rainbow area for the purpose of controlling possums. The Rainbow operation is being carried out on behalf of OSPRI as part of its TBfree New Zealand programme, which aims to eradicate bovine tuberculosis from wildlife vectors that pose a risk to farmed cattle and deer.

Description of Area

The permission area for the 2024 Rainbow possum control operation takes in land in the upper Wairau catchment, from the vicinity of Lake Sedgemere downstream to Bull Paddock Flat approximately 5km east of St Arnaud Village. The eastern boundary mostly follows the St Arnaud Range and the edge of Nelson Lakes National Park. In the west the boundary mostly follows the Raglan Range and abuts Molesworth Station.

Public Access & Recreational Facilities

Rainbow road, Wairau – Hanmer Springs Hydro road, Rainbow ski field road, Bull Paddock creek track, Ronan's stream track, Hamilton river route, Lee's creek track and hut, Connor's creek route and hut, Paske route and hut, Begley route and hut, Dip Flat RNZAF training camp, and Coldwater camping ground are all within the treatment area. Public access to these facilities will be restricted while the aerial application of toxic bait takes place and afterwards until they have been inspected and cleared of most toxic baits.

Toxin warning signs will be in place at all track entrances immediately prior to the application of toxic bait. Advisory signage will also be installed at key sites prior to non-toxic prefeed application.

Commencement Date

Subject to favourable weather, control is planned to commence from mid-April 2024, with the aerial application of non-toxic, cereal pre-feed pellets. This will be followed approximately 7-10 days later by the aerial application of bait containing biodegradable sodium fluoroacetate (1080).

All work is weather dependent, and commencement may be later than indicated. In the event of an extended delay, further notices will be placed to advise the public.

Bait Description

Aerial control using 1080:

- Pre-feed - Non-toxic cereal-based pellet, approximately 16 mm long, cinnamon-lured, and non-dyed (sandy coloured).
- Toxic bait - Cereal-based pellet, approximately 16 mm long, cinnamon-lured, and dyed green with a toxic loading of 0.15% Sodium fluoroacetate (1080).

The aerial operation will use helicopters equipped with Global Positioning System (GPS) hardware and calibrated buckets to ensure accurate placement.

Precautions

The pesticide is poisonous to humans and domestic animals. The public are reminded of the danger that toxic baits and possum carcasses pose, particularly to children and dogs.

• DO NOT TOUCH OR EAT BAITS

- Children must be kept under strict supervision in the control area
- Dogs must be kept under strict control at all times and not have access to, or be taken into, the control area, as they are particularly susceptible to harm from contact with toxic baits and poisoned carcasses. The risk that poisoned carcasses pose to dogs may extend downstream of the control area.

- Toxin warning signs will be installed at main public entry points and the public are reminded that it is an offence to remove this warning signage. Please follow the instructions on the signs.
- Game animals should not be sold or taken for eating from within or adjacent to this area until it is declared clear of pesticides.

If you suspect poisoning

Contact your local hospital, or dial 111
National Poisons Centre 0800 POISON - 0800 764 766

- In the case of a domestic animal being poisoned, contact a local veterinarian

BON VOYAGE TO DR GED

Dr. Ged has now returned to the UK. He has taken with him our best wishes and our heartfelt appreciation for the healthcare he has provided to our community.

Recruitment is underway to find a suitable replacement for Dr. Ged. While this may take some time, rest assured we have a plan to ensure continued access to our medical services. We still have the wonderful Dr Judith and in the short term we have secured some great locum GP's, including Dr John Dumsday, Dr Dee Clink and Dr Richard McCubbin. You can now book with them via the WELL APP too!!

As always, your health and well-being remain our top priority. Thank you for your understanding and patience during this period of change.

Hanmer Springs School Pinkie Report Term 1 Week 8.

Journalists and reporters - Kereru class and Rosie

PCT Competition.

On Monday Rosie, Divyansh, Anika and Cooper went to a competition in Christchurch called the P.C.T (Police Course Training). There were heaps of activities, such as the main competition, and lots of other team building activities. In the main event there were lots of obstacles, like climbing over a large wall, going under hurdles and lots of running. At one of the stations there was a speed gun to test how fast you can run. Highway patrol officers use them to see if a car is going over the speed limit. One student was clocked at 29km per hour. At the fire-fighting station, you had to put on a gas tank and then take it off as fast as you could. Then you had to run to the line and repeat the gas tank process, and then run back. Next we had to lift the heavy decoy person over the line and back. There were a lot of other activities but some of them we couldn't do because it started raining. At the end we got mentioned for being one of the most respectful groups, for our prize we got to choose a board game for our class, we chose Scattergories.

Hurunui Duathlon.

On Wednesday we competed in the Hurunui duathlon in the Hanmer Forest. First we had to run 900 metres, then bike 7km around the Easy Rider and Perseverance Track, then run another 900 metres to finish. In the morning when we biked down to the forest, if you didn't have gloves, your hands got really cold because of the frost.

Well done to Timmy who came first, Ethan who came 3rd and Sam who came fifth in the Year 5 boys event; Aaliya who came first and Elosie who came third in the Y5 girls race, and to Archie M who came 5th in the Year 6 boys race. Well done as well to all of our other competitors who completed the duathlon.

Timmy's race:

At the very beginning of the race we went off and I got in front and I battled hard to stay first (but not too hard because I knew I had to do a bike and another run). After a while I lost the guy behind me on the bike. As I went deeper into the forest he got further behind. On the last part of the run I passed the girl who was running in the year 6 race. I struggled but kept on running to the finish line and came first!

Aaliya's race:

The bike track was muddy and slippery and some parts had steep little hills. If you didn't turn properly you could fall off a high drop!! I battled to stay in front and my legs were numb and hurting but I kept going. The last run was hard because you got jelly legs and there was a steep hill you had to climb, but I didn't get the stitch which was good. I couldn't believe that I had won because there were girls in front of me. But I realised they were in a year above me and I had won the year 5 girls!

What Now Principal Pranks!

On Thursday we had a film crew in at school and a few strange things went on. Mr McBride went to the junior classes and told them we had a new bell song which was the Chicken Dance and that we had to do the Chicken Dance everytime we heard the bell. He taught them how to do the dance.

After a fire drill, the 2 senior classes stayed behind and listened to Mr McBride's instructions. He said, "Pretend there is a Zombie Apocalypse and they are in Hanmer. There are a few things about these types of Zombies you need to know. They are dumb, so if you act like a Zombie they won't know you are human". We had to walk down the Thermal Pools like Zombies. When we arrived he said, "Zombie's can't get into the water", so we went into the pools in our school uniforms, even Miss Holland and Mrs Hay did it. Hanmer Springs School is the first school in NZ to do a Zombie Apocalypse drill. The guy with a covid mask revealed that he was Chris from 'What Now'. He told us we had been pranked by our principal and we were going to be on T.V in a few weeks time and youtube!!

After School Aaliya, Bella, Eloise, Sam, Ethan and Jaxson got pranked. They thought they were getting interviewed by the Ministry of Education and went to the Maze to do an activity, but it was the T.V programme "What Now"!! They were tied together in boy and girl teams. In each team one person couldn't see, one person couldn't hear and one person couldn't speak. The girls went first. We had to find 3 teddy bears in the Maze and the team's fastest time won. The girls won.
