COPING WITH FLU AT HOME

Treating the symptoms:

To reduce fever and relieve aches and pains, take over the counter medication such as paracetamol. ALWAYS follow dosage advice on the packaging.

A cool (not cold) wet facecloth to the forehead will also lower body temperature.

Drink plenty of fluids:

People need up to 2 litres (8 cups) of fluid a day. Ensure the sick person keeps taking fluids, sipping small amounts at a time. Water is fine but when you are sick, cold drinks containing a little sugar and electrolytes such as "sports" drinks or fruit juice, diluted with plenty of water, are better. Avoid drinks that contain alcohol and caffeine.

Watch for danger signs:

Note the sick person's temperature, fluid intake and symptoms. This will help when asking for advice. Seek advice if symptoms include:

- Shortness of breath
- Chest pain
- Confusion or disorientation
- Coughing up blood
- Vomiting that does not ease
- Dehydration that doesn't improve through drinking
- Temperature above 38 degrees Celsius which doesn't settle with paracetamol

For specific advice on looking after yourself or caring for a sick person call your GP, or if afterhours, a nurse will answer your call.

If you call our clinic phone out of hours, your call is always answered by a registered nurse who will assess your needs, offer advice or, if required, pass the call to our on-call clinician. It can take several minutes to answer the phone so please be patient and hold, and follow the voice prompts carefully. If you are seen by the on-call clinician there is a \$25 after-hours call out fee on top of the consultation fee.

IN AN EMERGENCY DIAL 111

Tributes to our friend - Richard Tapper

Anette Paaes writes

In the grand theatre of life, you played the lead role with unmatched gusto and flair. With each stride, you commanded attention, not just because of your towering stature, but also because of the larger-than-life personality that radiated from within.

Your humor was a force of nature, a whirlwind of wit that swept through the mundane and left laughter in its wake. Who could forget the legendary coffee spill incidents, where even gravity seemed to conspire against your coordination? Yet, amidst the chaos, you'd brush off the mishaps with a quip and a grin, turning every stumble into a punchline.

Directness was your forte, a quality as unmistakable as your towering presence. Your words cut through the clutter like a machete through a jungle, leaving no room for ambiguity or second-guessing. But beneath the no-nonsense exterior beat a heart of gold, always ready to lend an ear or offer sage advice when needed.

Your knowledge was a boundless wellspring, a testament to a mind as sharp as your humor was quick. From stories of your strategic manoeuvres of your Asia trips especially India, to trivia about obscure '70s movies, there was no topic too vast or too niche for your expertise to yarn.

Though you may have left us with few bruised shins from those accidental collisions at Malabar, your impact on our lives is immeasurable. You were more than just a boss; you were a mentor, a friend, and a source of endless amusement.

So here's to you, our clumsy, funny, larger-than-life leader. May your coffee always be spill-free, your jokes ever sharp, and your legacy forever cherished in the annals of humankind.

With fond memories and an aching heart.

Sudip Misra and Anette who you picked out of 1.2 billion in 2003 to be a part of the opening of Malabar.

We will forever cherish you Richard

[Malabar was a beautiful restaurant in Hanmer Springs that perfected the art of Asian & Indian infused cuisine - Ed]

Jessica Kirkland writes

Oh I loved this man! Such a great chat and food connoisseur! (always loved my food)

Bless you mate I really loved seeing your cheerful smiley face x

Virginia Bagrie writes

Richard was a wealth of knowledge and experience. He was always friendly with a warm personality and we loved his writing and his wit.

Neil Ellis writes

Richard was one of the nicest people always friendly and genuine.

Garry Brown writes

Richard, such an awesome guy and so entertaining to chat to, a true character around Hanmer, he is a loss to the village.

Mark Emsley writes

R.I.P. Richard. Always enjoyed our chats. Still using the Soup recipe book you gave me.

Suzie Dempsey writes

A gem of a human, Richard I will forever remember your fabulous conversations and wit. Always the rebel.

Christine Hall writes

A big man, a friend and a colourful identity. He absolutely HATED Facebook, but this is how I read of his passing. RIP.

[Christine Hall helped Richard produce The Pinkie, on a number of occasions, while Richard "became" The Pinkie's foreign correspondent.

Many readers will agree that Richard wrote the most entertaining travel logs.

The Reason Richard loathed Facebook was because one of his dearest friends lost their daughter to online bullying, on Facebook - Ed]

Richard was my friend too

Richard and I shared the love of photography, or, more correctly, we shared the love of Nikon cameras, and Nikon lenses. Photography is often the second love!

Richard was always happy to publish a photo and he formed many friendships through his love of photography. For example, the late Carl Thompson (a beautiful man, and husband of Margaret Thompson, famous for her creative costumes, made, with love, for the local amateur drama company, *Amuri Players*). Carl was the local apiarist (of *Country Calendar* fame). Carl was also an exceptional photographer. Richard helped Carl migrate to digital photography, and they spent many hours together.

Thank you, you're awesome!

Michelle Saric is the kaiako of Pīwakawaka Classroom at Hanmer Springs School.

Kaiako means teacher in te reo Māori and is composed of two words: kai meaning food, and ako meaning to learn or create knowledge together.

Michelle oversees the production of the Hanmer Springs School "Pinkie Report" that is published in each edition of our newspaper.

I know many of us love reading these pages; gaining an insight into school life, and also seeing how creative our children are, with their writing, and also their artwork.

Thank you Michelle for your discipline each week, taking time to gather this work and submit it for publication. You are encouraging the next generation of wordsmiths. Thank you.

You're awesome Michelle.

Richard Tapper

It is with great sadness that we announce the passing of Richard Tapper, editor of The Pinkie for 17 years.

Richard passed away on Saturday 13 April 2024, after a relatively short illness. Our thoughts are with Richard's immediate and extended family at this time.

A celebration of Richard's Life will be held at the Hanmer Springs Golf Club on Friday 31 May 2024. This date, together with the start time, will be confirmed in next weeks issue of The Pinkie.

Letter to the Editor

Dear Editor

On behalf of Hanmer Springs Business Association members, present and past, I wish to express our deep sadness at the passing of Richard Tapper, and our heartfelt condolences to his family and close friends.

As restaurateur, photographer, author, Community Board member, and editor of the Pinkie, Richard has been a huge presence in the life of our village and his contribution to the prosperity of our community immeasurable. Richard took over proprietorship of the Pinkie from the Business Association in 2008. At that time the Pinkie was struggling to survive and thankfully Richard decided to take it on, breath new life into the local rag, and establish its long-term viability. Since that time, Richard has been an invaluable friend to Hanmer Springs businesses and organisations, and the faithful chronicler of our community's story.

Richard truly was one of a kind – a local boy who followed his many passions around the world and eventually found his way back home: we are forever thankful that he did.

UPCOMING POWER OUTAGE.

WHY?

The focus of this outage is to install a temporary 60 metre long 'interrupter cable.' The cable will enable Transpower to work on their transmission lines at the Waiau Ferry Bridge without needing a multi-day outage to the area.

To minimise further planned outages in Hanmer Springs, we will also be carrying out additional work in the area, including pole replacements and general maintenance activities.

WHEN?

Tuesday 14th May from 11am - 4pm, to remove the cable.

Alternative date will be May 21st.

Mt Isobel Tramping Group

MOUNT ISOBEL TRAMPING GROUP

The Mountains are Calling!

"If it's good enough for the animals, it'll be good enough for us!" Words of wisdom from John, one of Mount Isobel Tramping Group's founding members, a great tip for navigating what seems like impassable vegetation during our tramps!

From its inaugural tramp on the 26th August 2009 with just John and Dennis as the founding members, the MITG has had over 80 people come and go over the last 14+ years, with around 25 of those still in both regular and erratic attendance!

Why do we do it? Because we have the most amazing backyard here in Hanmer Springs! So good in fact that some of our members travel from as far as Waikairi and Waiau just to enjoy the endless challenges and pleasures that the St James and Molesworth affords. You'd think at this point we would have climbed them all, but we still gaze longingly across the landscape and see new ridges and valleys to explore which we collectively agree, "looks doable!"

You won't find the names of many of our tramps on your regular Topo map. Most are named after members who have dragged us up new peaks, like our most recent acquisition, 'Janet's Dream', a beautiful ridge that I had had my eye on for nearly a year and 'Mollie's Ridge', named after one of our member's dogs, who managed to get herself stuck on a bluff and had to be rescued!

So, what is the nitty gritty? We head out every Wednesday, weather permitting, for the day. Tramps are scheduled in 3 month blocks (although this is never a firm plan, life happens and we're a pretty flexible bunch!) We have a small group of members who share leading and logistic responsibilities for each week's tramp and an even smaller group who take responsibility for schedules, communication and group funds. We volunteer at local events such as The Mount Isobel Challenge to raise money to cover petrol costs for our drivers. Oh, and did I mention, our tramping day ends with drinks and hot chips at Monteiths. What could be better?!

If you would like to find out more, please contact Janet at mtisobeltrampinggroup@zohomail.com

Hanmer Springs School Pinkie Report Term 1 Week 11.

Journalists and reporters - students from Piwakawaka, Korimako and Kereru classes

Teeball

On Monday the Y3/4 students went to Scargill for the tee ball competition. It was a fun drive down. It was really hot, even at the start of the day. We played a lot of games, so many we can't remember!! There were 6 people in our team. Remington caught heaps of people out and hit the ball really far. His furthest hit went all the way to the other side of the field. We got heaps of home runs. At the end of the day people were sweating like mad!! We had a lot of fun.

By Neihana and Teddy.

Softball.

On Monday the Y5/6 students went to Cheviot for the softball competition. Everybody showed good sportsmanship, by not being sad or disappointed if we lost, and if we won we didn't boast about it. Hanmer 1 team went with Mrs Hay and in the second to last game we versed the Hanmer 2 team. Hanmer 1 won!! Hanmer 2 team coach, Mr McBride, had to do 30 push ups. Sammy, who was playing in the Hanmer 2 team, got 4 catches against Cheviot in the last game. We had a sausage sizzle for lunch, the sausages were enormous and yummy. On the way back some lucky kids got an ice cream.

By Laila and Sammy.

Buddy games.

On Monday afternoon the Y1 students in Piwakawaka class had a fun afternoon with their Y7/8 buddies. We started off with our big buddies reading us a book, then we went outside for some races. The first race was the egg and spoon race, it was tricky to keep the egg (a golf ball) balanced on the spoon. To make it harder Mrs Saric made the big buddies skip back balancing their eggs on their spoons. The next race was the wheelbarrow race, where our big buddies held our ankles and we raced to the end. It was quite tiring racing on our hands. We did a leap frog game when we jumped over our buddy and they jumped over us. That was a fun race. The last race was a bean bag collecting game, where we had to take it in turns to collect the beanbags. After all of the races we went back to the classroom with our buddies and spent some time playing with some of our favourite things in the classroom. Thank you to Mrs Saric for organising this fun afternoon for us. We all enjoyed spending time with our buddies and look forward to the next buddy afternoon.

Christchurch Symphony Orchestra.

On Tuesday we were lucky to have a visit from the Christchurch Symphony Orchestra. We learnt about the trombone that Pablo played. It was a loud sound. He said it could be as loud as a ship's horn and played it really loud to let us know how loud it could be. He said he needed to blow raspberries to make the vibrations to get the sound. Jonathan showed us his clarinet and showed us the reed that he needed to make the vibrations. Selena showed us her bassoon. It played a loud low noise. It was a big long instrument that needs a reed to play. We used ukuleles to make some music. We put our finger on the red sticker to make a 'c' note and we strummed fast and some slow ones to make the music. Pablo made the rhythm on the bucket drum and Jonathan played the clarinet. Our music sounded really good and we got faster and faster. It was lots of fun. The best bit was playing the ukuleles. We liked listening to the Star Wars music the orchestra members played.

By Piwakawaka class

Quotes from Korimako class on the Orchestra visit.

"I liked how we got to play the ukulele and how we were taught the notes on them." Bridie.

"They had some good music and cool instruments." Remington.

"I liked that we got to play music with ukuleles. My favourite thing they did was when he played the trombone and made a fart sound." James.

"I liked playing the ukulele and my favourite instrument was the trombone because it has a nice sound." Hunter.

"They played some tunes I didn't know, they sounded perfect." Archer.

"I liked hearing the different sounds of them playing the different instruments. I liked that we got to play on the ukuleles." Elisa

"I liked the big trombone because it sounded like a ship horn. Also I liked that thing that you put on the trombone and it makes a squeaky sound. The clarinet was better than Squidward in SpongeBob Squarepants." Harry.

Autism Awareness Mufti Day.

On Friday we had a 'Hoods Up' Mufti Day where we raised money for autism awareness. After morning tea we had a quiet hour where we did a rotation of quiet activities - puzzles, colouring, watching videos about autism and going on a sensory walk. We were thinking about how many autistic people feel sensory overwhelm on a daily basis, as they don't like loud noises, bright lights or over stimulating environments. So we turned down our lights and turned down our volume in support of our autistic friends. We raised around \$240 which will go towards Club Ora and making a sensory garden at our school.
